Subject: Table of Contents for Draft Master Plan

Melissa : Here are some changes that will help the table of contents more fully represent what the Legislature stated in its language. II.

A. 2. "To help sustain, conserve, and protect marine life populations, and rebuild where necessary (FGC 2853(b)3)". Please change back to the original ...2853 (b) (2) To help sustain, conserve, and protect marine life populations, including those of economic value, and rebuild those that are depleted. II. B. 2." Identified

objectives and enforcement measures for all MPA's (FGC 2853(c) (2) Please change back to :.....2853(c)(2) Specific identified objectives, and management and enforcement measures, for all MPA's in the system.

III.A. "Process for preparing the Master Plan, including constituent involvement (FGC 2855." Please change to and add back 2855 (c)(2)

The master plan shall take into account (2) Socioeconomic and environmental impacts of various alternatives. I hope these additions (corrections?) will bring more clarity to the process. Sincerely, Bill James
